# *Bush's Return*

**W**E JOIN Trinity University officials in welcoming George Bush, the former Texas congressman, back to San Antonio for a short stay.

Bush, who has been chairman of the Republican party and the U.S. ambassador to the People's Republic of China and is now director of the Central Intelligence Agency, will deliver the

principal commencement address tonight at Trinity. We can only second the words of Trinity president Duncan Wimpers: "George Bush's brilliance in conducting national and international affairs from the many important posts he has held is well known. I am particularly pleased that his demanding schedule allows this visit to Trinity and to San Antonio."
